Future work/CG report schedule

- We'd like to release two CG reports <u>by the end of Dec. 2019</u>.
  - https://httpslocal.github.io/usecases/
  - https://httpslocal.github.io/proposals/

- Main remaining issues:
  - Merge Martin Thomson's proposal and related use cases.
    - https://github.com/httpslocal/proposals/issues/1
  - Refine the detail of the proposed approaches (in particular, #4).
  - Device Discovery

- All discussions for the CG reports will be held on github.
  - https://github.com/httpslocal

- Feel free to join the discussions. New proposals are still welcomed.
